# Open Call Inter\*Utopia

The spaceship is ready for take-off, the countdown has started, the journey begins – to Inter\*Utopia. It still needs help packing!

Since we are travelling to Inter\*Utopia, our question is addressed to all Inter\*, inter\* people, intersex people.

Would you tell us five things/statements/feelings/thoughts or role models that are important to you for – and in – an Inter\*Utopia?

I am packing my suitcase and take ... with me to Inter\*Utopia

The answers to this Open Call will be translated into drawings. The different drawings will overlap and overlay each other and sketch Inter\* Utopia(s) as a ceiling painting.

In autumn 2021, they will be part of the exhibition „Mercury Rising – Inter\* Hermstory[jies] Now and Then“.

Together with Luan Pertl, Ins A Kromminga, Ev Blaine Matthigack and Sylvia Sadzinski, Alex Giegold & Tomka Weiß are planning the exhibition „Mercury Rising“ at Schwules Museum Berlin.

PS: Please let us know if (and under which name) you would like to be mentioned in the thank you list, or if you prefer to remain anonymous.

With many warm regards.  
Alex und Tomka
